Monsignor McCoy Modernization Construction Contract Awarded. Monsignor McCoy Modernization Fundraiser off to a great start.

Within weeks the Monsignor McCoy High School community will start to see signs of construction. The construction contract for the modernization has been awarded to Wahl Builders of Medicine Hat.

“This is great news! There has been a lot of planning up to this point and we are excited to see construction begin,” said Medicine Catholic Board of Trustees Chair Peter Grad.

Alberta Infrastructure Communications Officer, Tracey Larsen, said Wahl Builders will be expected to mobilize on site within the next two weeks. Larsen says the construction contract value is about \$7.8 million.

The Monsignor McCoy Modernization fundraising campaign, now in full swing, will cover enhancements needed for the school. The fundraising goal is \$500,000.

“Although the grant from the Ministry is a great step to meeting the needs of our school, additional funds are needed for enhancements not covered by the grant,” said Grad.

These enhancements include a Chapel Space, Ancillary Classroom, Fitness Space, Drama Space, Technology/Career & Technology Studies and furniture and equipment for these areas. Individuals, groups and businesses have the opportunity to participate in the Monsignor McCoy Modernization Project. Those wishing to invest can go to www.mccoymodernization.ca and donate in the project online said Grad.

Monsignor McCoy High School is part of the largest school capital build in Canada as the Alberta Government has more than 230 school projects in place creating about 78,000 new student spaces provincially.
